

MODEL UNITED NATIONS IS OUR PASSION.

In MUN, students work together to solve the world's biggest problems: war, poverty, climate change, discrimination, terrorism, and more.

MUN teaches students public speaking, debate, negotiation, critical thinking, problem solving, research, writing, teamwork, and leadership -- **all valuable skills for college, career, and lifelong learning.**

And MUN is fun! Students get to travel to cities around the United States, make new friends, and meet peers from across the globe.

Our students learn from the MUN Mentors - the best and most inspiring leaders from the best college MUN teams in the United States.

After the MUN Institute, students start clubs, organize conferences, and win awards. **Our alumni have also gone on to attend prestigious colleges, including Harvard, Yale, Georgetown, and more.**

We started the MUN Institute because **we know MUN changes lives.** Personally, MUN gave us the skills and confidence we needed to get into Yale and UCLA, find our first jobs at Fortune 100 companies, and start a global education company.

We know that MUN has changed not only our lives, but the lives of our friends and our students. **MUN prepares today's students to become tomorrow's leaders.** And the students who do MUN today will change the world one day.

We invite you to attend the Model United Nations Institute. We hope to see you this summer!

Best,
Ryan Villanueva & Kevin Felix Chan
Co-Founders & Program Directors

"My MUN experience was **one of the highlights of my summer.** I made great friends that I hope to stay in contact with, and **learned a lot about Model UN.** If you like making friends or learning about the world, go to the MUN Institute!"

- Peter, 12
Michigan
